Experience

United States of America President – Washington, DC 2016 – 2028

- Unanimously elected by every voter as a write-in candidate
 - Eliminated all taxes, debt, war, pollution, terrorism, inequality, universal human suffering, and slow Internet
 - Still unable to forge bipartisanship or political compromise (might be impossible)
- Awards:
- Constitution amended to allow infinite terms
 - State of the Union address

NASA Astronaut – International Space Station 2000 – 2014

- Took hundreds of selfies in front of Earth while orbiting at over 8 kilometers per second
- Executed sweet back flips in microgravity
- Definitely cooler than you will ever be

Education

Really Prestigious University – The Moon 1984 – 1989

- PhD in Applied Everything
- B.S. in Everything, with an additional major in Everything Twice (5.0 GPA)

Projects

Artificial Intelligence 2028

- Designed and developed a sentient system capable of transcending human intelligence
 - After examining the state of the world, it immediately destroyed itself
- Awards:
- Several Nobel Prizes, Fields Medal, Turing Award
 - Temporarily gained control of global nuclear arsenal

Perpetual Motion 2035

- Created a perpetual motion machine that can do work indefinitely without energy input
- Produces infinite energy to power humanity
- Inspiration came after sleeping through lectures on thermodynamics

Magic 2040 – forever

- Exploiting supernatural forces to make the natural world a better place
- Working on achieving invincibility through alchemy
- Founder of prestigious witchcraft and wizardry academy

Activities

Really Cool Stuff	Lifetime
Even Cooler Stuff	Next Lifetime
Stamp Collecting	Summer 2016
